Spitway

Notes

Depths in metres reduced to CD based upon tidal data provided by the British Oceanographic Data Centre.

Positions refer to the WGS 84 datum

Soundings taken 16.06.09 & 01.07.10

Caution

Soundings taken on leisure equipment Whilst every care has been taken in the preparation of this data, it cannot be guaranteed that these depths will remain

Wreck is shown on Admiralty Charts as having swept depth of 4 metres by sounding. Depths shown are two soundings and not a full survey.
